Laserfiche
Run Smarter®

GeoDoc5
a DocuNav Product

Searching

✓ "Live Search" of Laserfiche Repository

✓ Select a single object to display GIS data and related documents stored in Laserfiche

✓ Select multiple objects across multiple layers – display document results grid w/ filter options

✓ Set A Search Radius To Display Icons For Documents Located Within A Specific Area

Importing

✓ Import Files To Laserfiche Directly From Map

✓ Select A Single Object Or Multiple Objects – Import An Associated Document Directly Into Laserfiche

✓ Geo-Referencing Data Is Pulled From Selected Objects & Used To Auto-Index Imported Documents
